

F. B. CATE REAL ESTATE AGENCY

We offer below some of the best residential property in the city at exceedingly low prices and on easy terms.

COTTAGE.—Eight-room-cottage on French street with very large lot. The house is very well arranged and convenient to do work in. The location is around the Park and that it is very seldom that a residence is for sale in that vicinity, so do not wait until someone else buys this place and then forever kick yourself for being slow. The price is low.

HOUSE.—Here is a modern and up-to-date house on East Street, just off Currier Park. Contains nine rooms. You all know how desirable the location is around the Park and that it is very seldom that a residence is for sale in that vicinity, so do not wait until someone else buys this place and then forever kick yourself for being slow. The price is low.

HOUSE.—We offer you a two-tenement house directly on the Park. This at a bargain. Easy terms.

HOUSE AND COTTAGE.—An investment on Blackwell Street is a two-tenement house, five rooms down stairs and four rooms up stairs. Rents for \$10.00 and \$6.00. Price \$1,800.00. Lot is 120 by 60 feet. Also a single cottage adjoining, with large lot 140 by 80 feet. Price only \$1,350.00. These are near the stonesheds and will always be rented.

FARM.—Come in and let us tell you about a farm in Waterbury, with stock and tools, that we will exchange for renting property in the City or at South Barre.

AT SOUTH BARRE.

HOUSE.—A seven-room house in good repair. New barn, clapboarded, painted and sheathed inside. Has a cupola and basement. Two hen-houses. One acre of land. Adjoining is 38 acres of land. Will sell separate or together.

Inquire About These Properties at Rooms 11 and 12, Bolster Block, Barre, Vt.

(Telephone 135-2)

I should be pleased to do business with you.

C. L. BUGBEE, Contractor and Builder.

Reynolds & Son,
HARDWARE. Barre, Vermont.

ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

Joseph Lorraine, of New Haven, was recently fined \$10 for not reporting a case of scarlet fever and allowing his grandson to run at large.

Sheriff Horton and Deputy Sheriff Brodrie searched the premises of Frank Parrot of Burlington Saturday and seized a full barrel and a half barrel of beer.

At the annual commencement exercises of Brown University, Providence, R. I., the honorary degree of D. D. was conferred on the Rev. Gibbs Brainerd, '80, pastor of the Baptist church at Rutland.

Burlington's municipal electric light plant will soon be formally turned over to the city. Tests of every kind have been conducted to determine whether the plant was satisfactory and nothing has been found to be lacking.

John Wurtle, while on his way from Broad Brook to South Royalton last Tuesday morning, was interrupted in his driving by meeting a bear and two large sized cubs in the road. The horse snorted with fright while the bears went up through the pasture.

The Colburn house at Manchester Center has changed hands, the new manager being Frank Bond. William Caulstone, the former proprietor, recently forfeited \$1,000 bail, neglecting to appear before Judge John W. Rowell on a charge of selling intoxicating liquors illegally. Judge Rowell imposed a fine of \$7,500, Caulstone to stand committed until this was paid.

A cow belonging to C. C. Bell of Manchester was curiously electrocuted here Saturday. During a recent storm a telephone wire was blown down and lay across a street light wire. It then came in contact with a wire fence beneath. The fence wire became heavily charged. During the day the cow put her nose against the wire and was instantly killed.

Walter S. Miner, of Bellows Falls, has just completed a collection of 212 species of moths and 45 species of butterflies, several flies, waterbugs, and beetles, almost all found in the vicinity of Bellows Falls during 1904. Mr. Miner has recently gone to Cuba, where he expects to be absent a year or more, and has placed this collection, all mounted in a handsome case, in the Rockingham free library, to remain there during his absence.

The cheap appearance of the old Fletcher library building, with its walls and windows plastered with all kinds of circus advertisements, says the Burlington Free Press, is bringing out much unfavorable criticism from citizens generally, especially since the disfigured structure stands in such unsightly prominence in the background of City Hall Park, now otherwise looking its best. Municipal graft is said to be responsible for the outrage which sacrifices beauty for such a cheap mess of pottage.

In Addison county court Saturday a verdict of guilty in the case of the State vs. Grant Allen charged with an assault upon Henry Spaulding at West Addison. The respondent did not appear when the case of State vs. Emma Waterbury charged with having committed adultery some four years ago with Dr. Don A. Bisbee of Middlebury, who is now serving a sentence at Windsor for the same crime, was called and the bondsman Cyrus Harding of Townsend, was then called upon according to rule, but he also did not appear. The bonds were then declared forfeited, the amount of which was \$750.

Fred Hays is at the Mary Fletcher hospital at Burlington, suffering from an ugly wound in his right thigh, caused by a splinter of wood, which was hurled through the air from a sawing machine at Morgan Bros' mill. Hays was not operating the machine when the accident occurred but was standing in the vicinity. The piece of wood which flew from the machine was about three-fourths of an inch square and it went with such force that it penetrated the thigh. The wood was extracted at once and Hays was taken to the hospital, where the wound was dressed. It was a very serious injury but the physicians stated that it was not probable that he would have to lose his leg.

An Eastern Star lodge was organized at Hinesburg Friday evening, June 23. A large delegation from both the Richmond and Charlotte lodges was present. Ice cream and cake were served at the close of the meeting. The officers elected were as follows: Worthy matron, Mrs. Guy Tobey; worthy patron, E. O. Martin; associate matron, Mrs. Mary Somers; secretary, Anna Patrick; treasurer, Mrs. O. A. Baldwin; conductress, Margarette Tilley; associate conductress, Mrs. Daniel Meech; Adah, Mrs. W. E. Briggs; Ruth, Mrs. C. D. Pierce; Esther, Mrs. G. W. Mansfield; Martha, Mrs. Rufus Patrick; Electa, Mrs. Edie Mead; Marshal, Mrs. A. S. Hull; chaplain, Mrs. Frank Patrick; warder, Mrs. George Davis; sentinel, E. H. Read.

Preached 7,000 Sermons.

The Rev. I. P. Kellogg of South Charlotte celebrated his 81st birthday on Friday at the home of his granddaughter, Mrs. Hayward. Mr. Kellogg has been a preacher in the Baptist Church for 30 years and during this time has married 300 couples, preached at over 400 funerals and preached about 7,000 sermons.

Extensive Lumbering Operations.

H. F. Smith, of Waterbury, was in Honey Hollow last week surveying lumber lands for S. A. Andrews, of Richmond, who has 1,000 acres in the south part of Bolton and in Huntington. The new steam mill built and run by Watson & Campbell is near this land, and now employs twenty men and six teams. It has built a mile of new road into the mountain and is doing a prosperous business. About one million feet a year will be cut.

Fred Jewett, who is operating the newly built mill at Bolton station, owns a large tract of lumber land adjoining Mr. Andrews' lot, from which he obtains a part of his supply of logs. Altogether this is now a thriving hamlet.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalp of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Dandruff would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Rickert & Wells, Special Agents.

It will be remembered that Mr. Andrews recently sold a large tract of lumber land in the north part of Bolton which is now owned by the Torrington Brass Co. He is a veteran in the business, and, though now 83 years old, is as active as the average young man in the business.

Lightning's Strange Work.

During the storm of Saturday evening, June 17, the lightning struck E. J. Hooper's barn in North Cambridge. Only one shingle was disturbed, but the boarding, posts, braces, and girts show the effects of the bolt. Some large pieces of board were thrown over 30 feet. The two largest breaks were curious, one was broken into the barn, the other out. A calf tied in the manger was killed and the straw under the calf was burned all around the edge, the boards beside it were burned and charred, and two holes were burned through boards to within a half inch of dry hay. The iron links of a chain with which the calf was tied and where it was fastened to the barn, were fairly welded together. About six feet from the calf stands the separator, and a towel laid on the bench was burned to a cinder. In not less than eight places fire started but, strange to say, went out.

WINOOSKI'S WATER.

Will Have System If Present Plans Are Carried Out.

Winooski, June 28.—The plant and water works system which the village voted to purchase from the Winooski Aqueduct company at a special village meeting held last March will become the property of the village not later than Saturday evening if the present plans are carried out. President Bailey of the village and the water commissioners have secured the rooms in the Winooski block over the Niquette store for an office.

The new system will be known as the Winooski Village Water Works. Chas. D. Flint has been appointed superintendent of the department. The work of sinking the artesian well at the Gill Brook pond is progressing favorably. J. F. Hoadley, the engineer in charge of the work, stated last evening that the drills had sunk to a depth of 265 feet. The water thus far reaches to within 100 feet of the top of the well, and is of a good quality.

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. Only 25c at the Red Cross Pharmacy and the Parlor Drug Store.

REAL ESTATE

At Your Own Price!

I will sell at public auction at the office of H. W. Scott, in the City of Barre,

Saturday, July 1, 1905

at 2 o'clock in the afternoon, the farm known as the Bugbee, Worthen and Mitchell place, situated near Cutler Corner, in Orange. Also a ten acre wood lot near said farm.

The farm consists of about thirty-five acres, suitably divided into tillage and pasture land, and the soil is nice and fertile. There is a fine orchard on the place. There is a quantity of soft timber on the wood lot besides wood enough for the place.

Just the place for one who would like a small farm to get out of the stone-shed on to for a part of the time. A fine place on which to raise poultry and other meats, garden truck, etc. Inspect the property, and come and buy a home. Sale positive. Terms cash.

CHARLES A. SMITH, Trustee.
C. N. BARBER, Auctioneer.

Cottage House For Sale

Seven rooms, with bath-room, modern improvements and nearly new. Situated on Humbert St. Conditions satisfactory to right party.

LOUIS AYNETTI BAGIANA.

TO BUILD LARGE DAM.

Lake Dunmore Power and Traction Company to Develop Big Water Power.

Bristol, June 28.—The Lake Dunmore Power and Traction company, which recently absorbed the Bristol Electric company, is building a steam auxiliary plant and has completed surveys for a large dam to be built about a mile above its present plant on the New Haven river. The former company operated its plant only a portion of each day but the new concern proposes to furnish power 24 hours each day. A new 30 inch penstock 700 feet long has been built from the old penstock to the steam plant, thus increasing the head about 40 feet.

The dam will be 30 feet high and will create a pond 1,800 feet long by 480 feet wide. This will double the power of the plant as it is at present. The engineering work for the company is being done by H. M. McIntosh of Burlington.

Grand Union Hotel

Rooms From \$1.00 Per Day Up

Opposite Grand Central Station

NEW YORK

BAGGAGE To and From Station FREE
